- Natural source of dietary sulfur, including MSM
- Supports a healthy immune system

High-Quality, Natural Protection for Over 27 Years

In working with our supplier to procure garlic for this year, our costs increased significantly. To continue ensuring our high-quality standards, the price increase for **Bug Off Garlic** and **Garlic Capsules** has gone into effect. However, **Springtime** products remain an extremely cost-effective option. We are committed to providing you the highest quality at the best prices and we appreciate your continued support.
